Not available

# 🚦 **3** Composition/information on ingredients

#### 3.2 Mixtures

In accordance with the product knowledge, no nanomaterials have been identified. The mixture does not contain any substances classified as Substances of Very High Concern (SVHC) by the European CHemicals Agency (ECHA) under article 57 of REACH: http://echa.europa.eu/fr/candidate-list-table.

S	Substance	Concentration (%)	Specific concentration limits	Classification				
edetic acid	edetic acid (EDTA)							
CAS N°	60-00-4	C< 5.0%		H319 Causes serious eye irritation				
EC N°	200-449-4							
IDX N°	607-429-00-8							

## 3.3 Remark

Text phrases and H- EUH-: see section 16.

## ਸ਼ੂੰ **4** First aid measures

### 4.1 Description of first aid measures

## **General information:** When in doubt or if symptoms are observed, get medical advice. Following inhalation: No special measures are necessary. Provide fresh air. Following skin contact: Wash with soap and water. Following eye contact: In case of eye irritation consult an ophthalmologist. Rinse immediately carefully and thoroughly with eye-bath or water. Following ingestion: IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Self-protection of the first aider: No special measures are necessary. Most important symptoms and effects, both acute and delayed

The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11. Indication of any immediate medical attention and special treatment needed

Notes for the doctor: Treat symptomatically.

4.3

# **5** Firefighting measures

## 5.1 Extinguishing media

	Suitable extinguishing media:					
	Foam.					
Extinguishing powder.						
Carbon dioxide (CO2).						
	Sand.					
	Unsuitable extinguishing media: Strong water jet.					
5.2	Special hazards arising from the substance or mixture					
5.2						
	Formation of toxic gases is possible during heating or in case of fire.					
5.3	Advice for firefighters					
	Wear a self-contained breathing apparatus and chemical protective clothing.					
5.4	Additional information					
	Do not inhale vapors and fumes.					
	Co-ordinate fire-fighting measures to the fire surroundings.					
	Move undamaged containers from immediate hazard area if it can be done safely.					
Use caution when applying carbon dioxide in confined spaces. carbon dioxide can displace oxygen.						
	Use water spray jet to protect personnel and to cool endangered containers. Collect contaminated fire extinguishing water separately. Do not allow entering drains or surface water.

6	Accidental release measures					
ō 						
6.1	Accidental release measures Personal precautions, protective equipment and emergency procedures					
ō 	Personal precautions, protective equipment and emergency procedures					
6.1	Personal precautions, protective equipment and emergency procedures Use personal protection equipment.					
ō 	Personal precautions, protective equipment and emergency procedures					
6.1	Personal precautions, protective equipment and emergency procedures Use personal protection equipment. Environmental precautions					
6.1	Personal precautions, protective equipment and emergency procedures         Use personal protection equipment.         Environmental precautions         Ensure that waste is collected and contained.					
6.1	Personal precautions, protective equipment and emergency procedures         Use personal protection equipment.         Environmental precautions         Ensure that waste is collected and contained.         Contain leaks or spills within cabinets with removable trays.					
6.1 6.2	Personal precautions, protective equipment and emergency procedures         Use personal protection equipment.         Environmental precautions         Ensure that waste is collected and contained.					
6.1 6.2	Personal precautions, protective equipment and emergency procedures         Use personal protection equipment.         Environmental precautions         Ensure that waste is collected and contained.         Contain leaks or spills within cabinets with removable trays.         Methods and material for containment and cleaning up					
6.1 6.2	Personal precautions, protective equipment and emergency procedures         Use personal protection equipment.         Environmental precautions         Ensure that waste is collected and contained.         Contain leaks or spills within cabinets with removable trays.					
6.1 6.2	Personal precautions, protective equipment and emergency procedures         Use personal protection equipment.         Environmental precautions         Ensure that waste is collected and contained.         Contain leaks or spills within cabinets with removable trays.         Methods and material for containment and cleaning up         Treat the recovered material as prescribed in the section on waste disposal.         Collect in closed and suitable containers for disposal.         Absorb with liquid-binding material ( e.g. sand, diatomaceous earth, acid- or universal binding agents).					
6.1 6.2 6.3	Personal precautions, protective equipment and emergency procedures         Use personal protection equipment.         Environmental precautions         Ensure that waste is collected and contained.         Contain leaks or spills within cabinets with removable trays.         Methods and material for containment and cleaning up         Treat the recovered material as prescribed in the section on waste disposal.         Collect in closed and suitable containers for disposal.         Absorb with liquid-binding material (e.g. sand, diatomaceous earth, acid- or universal binding agents).         Wipe up with absorbent material (eg. cloth, fleece).					
6.1 6.2	Personal precautions, protective equipment and emergency procedures         Use personal protection equipment.         Environmental precautions         Ensure that waste is collected and contained.         Contain leaks or spills within cabinets with removable trays.         Methods and material for containment and cleaning up         Treat the recovered material as prescribed in the section on waste disposal.         Collect in closed and suitable containers for disposal.         Absorb with liquid-binding material ( e.g. sand, diatomaceous earth, acid- or universal binding agents).					
6.1 6.2 6.3	Personal precautions, protective equipment and emergency procedures         Use personal protection equipment.         Environmental precautions         Ensure that waste is collected and contained.         Contain leaks or spills within cabinets with removable trays.         Methods and material for containment and cleaning up         Treat the recovered material as prescribed in the section on waste disposal.         Collect in closed and suitable containers for disposal.         Absorb with liquid-binding material (e.g. sand, diatomaceous earth, acid- or universal binding agents).         Wipe up with absorbent material (e.g. cloth, fleece).         Reference to other sections					
6.1 6.2 6.3	Personal precautions, protective equipment and emergency procedures         Use personal protection equipment.         Environmental precautions         Ensure that waste is collected and contained.         Contain leaks or spills within cabinets with removable trays.         Methods and material for containment and cleaning up         Treat the recovered material as prescribed in the section on waste disposal.         Collect in closed and suitable containers for disposal.         Absorb with liquid-binding material (e.g. sand, diatomaceous earth, acid- or universal binding agents).         Wipe up with absorbent material (e.g. cloth, fleece).         Reference to other sections         Safe handling: see section 7.					
6.1 6.2 6.3	Personal precautions, protective equipment and emergency procedures         Use personal protection equipment.         Environmental precautions         Ensure that waste is collected and contained.         Contain leaks or spills within cabinets with removable trays.         Methods and material for containment and cleaning up         Treat the recovered material as prescribed in the section on waste disposal.         Collect in closed and suitable containers for disposal.         Absorb with liquid-binding material (e.g. sand, diatomaceous earth, acid- or universal binding agents). Not available

7.1 Precautions for safe handling

#### **PROTECTIVE MEASURES:**

No special measures are necessary. **Advices on general occupational hygiene:** Wash hands before breaks and after work. Remove contaminated, saturated clothing.

7.2 Conditions for safe storage, including any incompatibilities

Keep container tightly closed in a dry, cool, and well-ventilated place.
Keep container in upright position in order to prevent leakage.
Requirements for storage rooms and vessels:
Store at -20°C.
Advice on joint storage:
Keep away from food, drink and animal feedingstuffs.

7.3 Specific end uses

Apart from the uses mentioned in section 1.2 no other specific uses are stipulated.

## <sup>€</sup> 8 Exposure controls/personal protection

## ਸ਼ੂੰ **13** Disposal considerations

## **13.1** Waste treatment methods

#### **Product/Packaging disposal:**

#### Waste codes/waste designations according to EWC/AVV:

The allocation of waste identity numbers/waste descriptions must be carried out according to the EEC, specific to the industry and process.

Waste treatment options:

**Appropriate disposal/Product:** 

Dispose of waste according to applicable legislation.

#### Appropriate disposal/Package:

Non-contaminated packages must be recycled or disposed of.

Contaminated packing must be completely emptied and can be reused after proper cleaning.

Packing which cannot be properly cleaned must be disposed of.

Dispose of waste according to applicable legislation.

#### Remark:

For recycling, contact manufacturer.

#### **13.2** Additional information

#### Not available

# $\frac{1}{2}$ **14** Transport information

## 14.1 UN number

The product is not hazardous according to the applicable transport regulations.

14.2 UN proper shipping name

#### Not regulated.

14.3 Transport hazard class(es)

#### Not regulated.

14.4 Packing group

#### Not regulated.

14.5 Environmental hazards

```
Not regulated.

# $\frac{15}{15}$ Regulatory information

### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

This SDS has been established in accordance with REACH regulation, including its amendments: REACH Regulation (EC) No 1907/2006.

This SDS has been established in accordance with CLP regulation, including its amendments: CLP Regulation EC No. 1272/2008.

#### National regulations:

U.S. - NY - RTK:

Substance	CAS	EC
edetic acid	60-00-4	200-449-4

#### 15.2 Chemical Safety Assessment

For this substance/mixture a chemical safety assessment is not required.

No Chemical Safety Assessment has been carried out for this substance/mixture by the supplier.

For this substance/mixture a chemical safety assessment has been elaborated.

For this mixture, the relevant data of the Substances' Chemical safety assessment are integrated in the sections of the SDS.

## **15.3 Additional information**

Not available

16 Other information

## 16.1 Indication of changes

Not applicable (first edition of the MSDS).

## 16.2 Abbreviations and acronyms

CAS: Chemical Abstract Service Number.

IATA: International Air Transport Association.

IMDG: International Maritime Dangerous Goods Code.

DPD Dangerous Preparation Directive.

UN number: United Nations number.

No EC: European Commission Number.

ADN/ADNR: Regulations concerning the transport of dangerous substances in barges on the waterways.

ADR/RID: European Agreement concerning the International Carriage of Dangerous Goods by Road/Regulations concerning the international carriage of dangerous goods by rail.

CLP: Classification, labeling and packaging.

VPvB: very persistent and very bioaccumulative substances.

#### 16.3 Key literature references and sources for data

No data available.

16.4 Classification for mixtures and used evaluation method according to regulation (EC) 1272/2008 [CLP]

Classification of the mixture is in accordance with the evaluation method described in Regulation (EC) No 1272/2008. **16.5** Relevant R-, H- and EUH-phrases (Number and full text)

H319 Eye Irrit. 2

Causes serious eye irritation

#### 16.6 Training advice

Refer to Sections 4, 5, 6, 7 and 8 of this safety data sheet.

The information given in this Safety Data Sheet is based on our present knowledge and on European and national regulations. This Safety Data Sheet describes safety requirements relative to identified uses, it doesn't guarantee all the product properties particularly in the case of non identified uses. The product mustn't be used for any uses other than those identified under heading 1. Since the user's working conditions are not known by us, it is the responsability of the user to take all necessary measures to comply with legal requirements for specific uses and avoid negative health effects.
